

Ris|Kontrol®

your  
daily  
routine

 **ACTEON**

METALLIC TIPS

**DID YOU KNOW?**

It is impossible to clean correctly the inside of reusable tips due to the presence of biofilm.<sup>(1)</sup>

Metallic tip after 1 year use

- **Not effective decontamination** of reusable tips in the long-term.
- **Hygiene maintenance takes time** between two patients.

**With regard to cleaning and sterilization, disposable tips were found to be more acceptable in clinical use than metal tips.<sup>(1)</sup>**

**Your must-have to perform dental care in a safe and clean place**

RISKONTROL® COMPARED TO REUSABLE TIPS  
**SAVE 75%\*** WITH RISKONTROL®<sup>(3)</sup>

**Save time & money in your daily basis routine**

Single-use  
Replace cleaning and sterilization steps

\*Cost assessment per dental chair for RISKONTROL® and reusable tips use for a one-year period (Considering 1 278 consultations per dental chair on a one-year basis (2016) considering that dentists are following hygiene measures with at least 1 sterilization per day)  
(3) ML Silva, M. Zumpe, J. Lespinasse, M. Aulois-Griot. Cost comparison of reusable and disposable air/water syringe tips in a large French teaching hospital. Swiss Dental Journal 2017

**Protect your patient**

**Single-use:** reduce the risk of direct or cross-contamination

**Minimize the spread** of multiple viruses

DIRECT CONTAMINATION  
**20 TIMES LESS CROSS-CONTAMINATION RISKS<sup>(2)</sup>**  
CROSS-CONTAMINATION

**Ensure your clinical protection**

20 times **less risk** means **more safety and serenity** on a daily basis, for safer care and even more satisfied patients.

Indispensable  
in your daily  
management

# Ris|<ontrol®

## Match with your air/water syringe

RISKONTROL® is a  
**universal solution** thanks  
to its adapters.

## Meet your expectations for your different procedures

**Totally dry air:** mandatory  
for restorative procedures

## Reach easily difficult-to-access areas and respect the patient's anatomy

**Easy to bend:** find the ideal curve to  
reach all areas

Soft and rounded edges for the **patient's  
comfort:** keeping the lip away from the  
working area

## Avoid risk of ingestion

**Safe-locking system:**  
patented system to protect even  
more your patient

Guaranteed  
daily  
protection
